SUMMARY

I am a **certified** UX/UI Web **Designer**. Consider me **highly curious**. I love finding out how things work. My biggest accomplishments in life have come after **digging deep** into a subject. I am **highly analytical** and **observant**. Good design and easy flow drive me. I can be counted on to make **decisions under pressure** and work **well with others**.

EXPERIENCE

IMPLEMENTATION PROJECT MANAGER

Connect Financial Software Solutions

2019 - Present

- Work with cross-functional teams to implement new features for clients
- Utilize xcode to build iOS apps for credit unions
- Deploy code to remote servers for testing and production
- Scope out new web and mobile projects for clients

PROJECT MANAGER

Xirect Software Solutions

2016 - 2019

- Employ SQL Server Management Studio for database administration
- Collaborate with developers and client vendors for API, SSO and iframe integrations
- Onboard new clients
